

JLCF - WELLNESS POLICY

The Board recognizes the importance of proper nutrition and developmentally appropriate physical activity as ways of promoting healthy lifestyles, minimizing childhood obesity, and preventing other diet-related chronic diseases. The Board also recognizes that health and student success are inter-related. It is, therefore, the goal of the Board that the learning environment positively influences a student's understanding, beliefs, and habits as they relate to good nutrition and physical activity.

Goals:

1. The District shall teach, encourage, support and model healthy eating habits for students.
2. The District shall teach, encourage, support, and model age appropriate daily physical activity.
3. The District shall educate students, employees, school board and community members to the important benefits of a healthy lifestyle.
4. The Schools shall comply with the nutrition guidelines outlined in this policy in a manner designed to facilitate the adoption of healthier eating habits such that 100% compliance is achieved no later than the 2011/2012 School Year.

Nutrition Guidelines:

The School District's nutritional standards are based upon standards established by the USDA. These nutrition guidelines apply to all foods sold to students on school grounds during the school day, including but not limited to, the school lunch program, foods and beverages sold in vending machines/school stores and fundraising efforts. As needed the SAU #39 Wellness Committee will request that the Superintendent notify each School Board regarding any changes that have occurred in federal and state nutrition guidelines that need to be reflected in this Policy.

A. School Meals - School Meals served in New Hampshire School Administrative Unit 39 shall meet or exceed the nutrition requirements established by the USDA, laws, and regulations. Administration of the school meal program will be by qualified school food service staff. School lunches and breakfast programs will offer a variety of foods and choices for students. Nutritional information about school meals will be available for students and parents through menus, websites and other appropriate school media.

B. Meal Times and Scheduling

Schools *whenever possible*:

- Shall ensure students have sufficient time to eat breakfast and lunch in accordance with the federal Child Nutrition and WIC Reauthorization Act of 2004.
- Shall schedule meal periods at appropriate times in accordance with USDA recommendations. Shall not schedule tutoring, club, or organizational meetings/activities during mealtimes, unless students may eat during such activities.
- Shall schedule lunch periods to follow recess periods.

C. Food Sales - All food items sold by the schools during the school day should meet or

AMHERST Policy

exceed nutritional standards established by USDA.

Elementary Schools. The school food service program will approve and provide all food and beverage sales to students in elementary schools. Foods in elementary schools should be sold as balanced meals.

Middle/Junior High and High Schools. In middle/junior high and high schools, all foods and beverages sold individually outside the reimbursable school meal programs (including those sold through a la carte [snack] lines, vending machines, school stores, concessions, fundraising, etc.) to students during the school day, will meet the following nutrition and portion size standards:

Beverages:

Carbonated drinks and drinks with a sugar content that exceed USDA Guidelines will not be sold on school property during the school day.

Foods:

Any item sold individually:

- Shall meet or exceed nutritional guidelines established by the USDA
- Shall have no more than 35% of its calories from fat (excluding nuts, seeds, peanut butter, and other nut butters) and 10% of its calories from saturated fats per serving;
- Shall contain no trans fats;
- Shall have no more than 35% of its *weight* from added sugars;
- Shall contain no more than 230 mg of sodium per serving for chips, cereals, crackers, French fries, baked goods, and other snack items; will contain no more than 480 mg of sodium per serving for pastas, meats, and soups;
- Shall contain no more than 600 mg of sodium for pizza, sandwiches, and main dishes.
- A choice of at least two fruits and/or non-fried vegetables shall be offered for sale during the school day at any location on the school site where foods are sold. Such items could include, but are not limited to, fresh fruits and vegetables; 100% fruit or vegetable juice; fruit-based drinks that are at least 50% fruit juice and that do not contain additional caloric sweeteners; cooked, dried, or canned fruits (canned in fruit juice or light syrup); and cooked, dried, or canned vegetables (that meet the above fat and sodium guidelines).

Portion Sizes

Limit portion sizes of foods and beverages sold individually to those listed below:

- One and one-half ounces for chips, crackers, popcorn, cereal, trail mix, nuts, seeds, dried fruit, or jerky;
- Two ounces for cereal bars, granola bars, pastries, muffins, bagels, and other bakery items;
- Four fluid ounces for frozen desserts, including, but not limited to, low-fat or fat-free ice cream;
- Eight ounces for non-frozen yogurt;
- Sixteen fluid ounces for beverages, excluding water; and
- Fruits and non-fried vegetables are exempt from portion-size limits.

AMHERST Policy

D. Fundraising Activities

To support children's health and school nutrition-education efforts, school sponsored fundraising activities (direct school affiliation) held during the school day will not involve food or will use only foods that meet the above nutrition and portion size standards for foods and beverages sold individually. Schools will encourage fundraising activities that promote physical activity.

E. Rewards

Schools will not use foods or beverages as rewards for academic performance or good behavior, and will not withhold food or beverages (including food served through school meals) as a punishment.

F. Snacks

Snacks served during the school day or in after-school care or enrichment programs will make a positive contribution to children's diets and health, with an emphasis on serving fruits and vegetables as the primary snacks and water as the primary beverage. Schools will assess if and when to offer snacks based on timing of school meals, children's nutritional needs, children's ages, and other considerations.

G. School Store - Food and beverage items sold in the school store will meet guidelines of this policy. Food items in the school store will not be sold when the school food services program is open for sale. (Food items available after lunch and after school.)

H. Extra-Curricular Meals –Arrangements may be made through the food service program to make food and beverage items that meet the guidelines of this policy available to students. Examples of activities include but are not limited to: Athletic teams and clubs.

I. Classroom Activities - Schools shall discourage the use of food items for instructional purposes unless is essential to a curriculum area.

Nutrition Guidelines for Reimbursable School Meals:

In no circumstances will the guidelines for reimbursable school meals be less restrictive than the regulations and guidance issued by the US Secretary of Agriculture as applicable to schools. Foods should be served with consideration toward variety, appeal, taste, safety, and packaging to ensure that students will participate in consuming high quality meals.

Plan for Measuring Implementation:

The School Board instructs the Superintendent to establish procedures for implementation of this policy that include targets in support of the goals set forth in this Policy. Each Building Principal is charged with the operational responsibility for ensuring that their school follows the guidelines set forth in this policy and implements strategies for achieving the targets set forth in the procedures established by the Superintendent. The SAU #39 Wellness Committee will periodically assess the nutrition and physical activity environment throughout the SAU and provide input to each Building Principal and the Superintendent regarding progress on the current targets, recommend any new targets and identify strategies in support of the goals stated in this Policy. The Superintendent and Building Principals will decide upon the targets and strategies in support of the goals stated in this Policy. Periodic progress reports will be provided to the School Board.

AMHERST Policy

Community Involvement:

The District will participate in the SAU #39 Wellness Committee that will periodically assess the nutrition and physical activity environment throughout the SAU. This group will assess progress on the current goal targets; recommend any new goal targets and identify strategies for achieving them. The committee will be appointed by the Chair of the SAU #39 School Board and consist of a well balanced group representing parents, students, the school's food service program, the School Board, administrators, regular and wellness related faculty and staff as well as members of the public with wellness related expertise. The purpose of this advisory Committee is to provide content area expertise and community input.
