

LEAVE OF ABSENCE FOR EMPLOYMENT WITHIN SAU 39

The Amherst, Mont Vernon and Souhegan school boards may grant an employee an unpaid leave of absence from one SAU 39 district to work in another SAU 39 district for one year without losing accumulated benefits in the district granting the unpaid leave of absence, subject to the recommendation of the superintendent and approval by both school boards. A one-year unpaid leave of absence may be extended an additional year, subject to superintendent and board approval.

At the conclusion of the unpaid leave of absence, the employee may either (1) return to the district granting the unpaid leave without loss of accumulated benefits from that district, or (2) resign from the district and continue employment in the district in which he or she worked during the unpaid leave, subject to the superintendent's recommendation and school board approval.
